

Report of the month of February 2017

The month of Feb. the Panchayat election took place. The previous leader who was not functioning well, people organised on meeting with the social activist from Adivasi Ektha Parishad , Penvel. The awareness among the people was created about how they could go about the election. It was very courageous move from the people they took up the challenge and voted to a person who can do the work for them.

Education- During this month though the supplementary classes were going on it was observed that the children go to the forest to collect the Cashew seeds to sell in the market. The teachers had different activates for them. The exam in school will begin soon. Now the teachers are busy preparing children for it.

The mid day meal in the ZP school was supervised by the animators it was observed that due to absentee of the children in the school there is no proper record has kept by the teacher. We have also informed the ICDS department for the ignorance of the teacher who is not doing home delivery of the food for the children who are unable to come to the Anganwadi.

The home science college, Mumbai group organised different activated for the children. Particularly on health children also performed the skit on the superstition.

Health- 26th Feb. We had the health camp, the doctor from MGMH – Mahatma Gandhi memorial hospital, Penvel specialists Doctors came to the centre, and around 250 people attended the camp many pesions were identified of cetriot eye. All these patients will be operated free of coast on 23rd of this month.

In Dhnakhane village women who have haemoglobin deficiency were given the nutrition food item by the excel company dedes, nachani powder and the vegetables seeds.

The herbal training programme took place in four villages where they were taught how to make herbal medicine on piles and dibiteast. 54 women attended the training programme.

Women (SHG) – In all the villages self help group meeting have taken place. Due to migration there is irregularity of the women for a meeting. Women were given the session on the RTI. The importance of the act was explained to them. Those women who are in the village are busy sailing the Cashew seeds and mangos in the market and earn their daily living. The preparation of the forth coming women’s day celebration was done with them during the meeting. Women have become very vocal able to fight with ration shop owner and get their due quota. This year they have decided to get proper and clean water to drink. Women also came forward and had cleanliness drive in their villages. We also had the discussion on hygiene since some of them have built the toilets and using it we thought them how important it is to clean the hands.

Facts and Figures of the developmental initiatives and outcomes of the work done in the villages:

No	Government schemes and documents	Received	Process
1)	Ration cards new	2	8
2)	Domicile certificates	83	
3)	BPL cards	2	
4)	Bank account	4	
5)	Cast certificate	7	102
6)	Maternity benefits	5	

Environment- *In all the villages supplementary classes have done the cleanliness drive. In Kamat village people have decided to plant the Cashew*

plants which give them very good income. Also Talvali Ashtami village have decided the cashew plants in nearby forest in their village itself.

Youth- One SHg group of youth is being formed in the waki village. The youth from Khonda went to the sarpanch to demand the water source.

The adolescent girls gathering is decided on 26th March at the centre.
