

Various Monthly meetings of SHG:

Like other months this month too we had the regular meetings of the SHG's. Most of the time the meetings are conducted either somebody's house or common place in the village. Women try to be present for the meeting.

Filling the forms of Insurance:

The SHG's which started the account in Canara Bank provides the Insurance Policy for the members. This is not a compulsory thing. Every year those who wish can fill the forms and pay Rs. 100 to the bank. In case of sudden death, her family will get RS. 50000. Women were not convinced of it earlier but now they came forward asking for it. One of the Xavier students came along with us to help filling the forms.

Evaluation of Supplementary center with parents:

We invited the parents for this evaluation. Only the mothers turned up for the meeting. The first center meeting kept at 7.30 pm in order to get the women for the meeting. Parents are happy with the classes and put forward their agenda that to start the classes while the school reopen and continue till school close down for summer vacation. These way children will do the studies well and parents are at peace. Problem which we face one of the village is that no place to conduct the classes until the rainy season gets over. Finally they agreed that they will find a way for it.

They shared with us the positive changes they see in the children due to our classes and other activities we conduct. Cleanliness, interest in studies, respect for the elders etc. among children are outstanding.

Our perseverance and the confidence in oneself and in others move us forward and help us to give others what is precious in us without any hesitation. We know that this attitude will bring a positive outlook in the society and surely bring changes.
