

ADA Report month of March 2017.

During this month we worked towards the accomplishing the objectives of the project. We experienced the heavy migration in spite of having less people in the village we could able to complete our planned activities. During this month we organized the awareness programme about WASH (Water, health, sanitation and hygiene). People were motivated to build the toilets in order to keep village and environment clean. People responded well.

Education- The supplementary class were regularly conducted and supervised. During this month exam was conducted in all the supplementary class. We also visited all the Zp schools in our work area and made sure that the children present in the village sit for final exam.

Parents meeting – In 9 villages the parents meeting were organized the topics taken were that children should not be taken to the distance places to sustain the regularity of the classes. Name of the all the children should be enrolled in the Zp school. Children should get mid-day meal. The children from the age of 0 to 3 should be enrolled in Aganwadi and are entitled to get the aganwadi food. It was brought it to the notice of the parents that the mid-day meal and Aganwadi food is the right of children and no child should be deprived from it. They were asked to make separate list of the children.

Vanbhojon- in 9 villages the Vanbojan was organized. Children contributed and brought the material for food as well as them also brought the required things to play and also brought the prizes. The food was by the children. We also had the games. Meal was enjoyed by the children. It was great to see the togetherness which brought lots of joy and unity among the children.

Health: - In 20 villages humanization programme was monitored by the animators. 12 people were taken to panvel (Mumbai) do catreite operation only 9 operations took place.

Herbal training in Yeral village 25 women were present, the topic taken 1) Kidney stone 2) Taking care of ear with herbal medicine. 10 women learnt to prepare joint pain oil from Yeral village which they will sail and use for themselves.

Two pregnant women from Dhankhane who were critical were accompanied by the animator for delivery to the Government hospital at Alibague.

Cleniness drive in 10 villages. The demonstration of the washing the hands.

70 people came to the centre to attained the training on WASH (water, health, sanitation and Hygiene) the resource person Mr. Palak sir explained about the cleanliness and how to use water scarcely otherwise very soon there will be no water, and also the water will be so expensive that we may not able to buy it. The participants were really motivated to take care of the water, understood the importance of the water, and how to use the water.

He also showed how to segregate the waste, what are the benefits of it. The follow up is being done in the villages by the animator.

Women:-Shg meetings were conducted regularly. We celebrated international women's day on 8th March, 450 women participated in it. The resources persons from Government department, from Adivasi Ektha Parshad, Lawyer, and Journalists came for the melawa. Women received the information on various topics like tribal history, legal information regarding domestic violence, National food security act etc. Women also performed various cultural programme, skit play on superstition belief, Adivasi dances etc. Thereafter the delicious meal was served to them. The programme was wind up by giving take away gift.
